

Gregory J. Privitera is a professor of Psychology at St. Bonaventure University, where he is a recipient of the school's highest teaching honor, the Award for Professional Excellence in Teaching, and its highest honor for scholarship, the Award for Professional Excellence in Research and Publication. Dr. Privitera received his PhD in behavioral neuroscience in the field of psychology at the State University of New York at Buffalo and continued to complete postdoctoral research at Arizona State University. He is an author of multiple books on statistics, research methods, analytics, behavioral health, and is now in development of an introductory psychology text. His textbooks are adopted at hundreds of institutions including Harvard, Stanford, Columbia, Dartmouth, and Johns Hopkins University. In addition, he has authored more than three dozen peer-reviewed scientific articles aimed at advancing our understanding of health and well-being in and out of healthcare settings. He oversees a variety of undergraduate research projects at St. Bonaventure University, where dozens of undergraduate students, many of whom are now earning graduate degrees at various institutions, have coauthored research in his laboratories. For his work with students and faculty-mentored research advisement, Dr. Privitera was honored as Advisor of the Year by St. Bonaventure University in 2013. He is also the award-winning author of *Research Methods for the Behavioral Sciences*, for which he received the Most Promising New Textbook Award from the Text and Academic Authors Association in 2014. In addition to his teaching, research, and advisement, Dr. Privitera is a veteran of the U.S. Marine Corps and is married with two children: a daughter, Grace Ann, and a son, Aiden Andrew.
