

The Difference Engine: Generating and Sharing Novel Ways to Engage Students Regarding Diversity

Noel Jacobs, PhD and Kristen Sorocco, PhD, OU Health Sciences

NITOP 2020 PIE

- I. What areas of diversity learning and engagement appear most needed in your programs currently?
- II. What successful steps have you taken to promote diversity learning and engagement in your programs already, and what barriers have you encountered?
- III. What ways have you measured progress or success in your efforts?
- IV. What advice do you have for other instructors leading efforts similar to yours?
- V. Notes from Oklahoma: Working groups have great ideas! They don't always lead to quick results, though...
 - a. Formation – inclusion inclusion, inclusion!
 - b. Survey creation and analysis
 - c. Developing targets for change
 - d. Adding innovation and testing the limits on engagement
